

Sentex

No Phone Bill & Autodialers

RESIDENTIAL SYSTEMS

Crown Jewel

- . Compact telephone entry system for gated residential entrances and door access points
- . Elegant design and extensive features allow any resident or office manager to increase the level of security while enhancing the value of the property

MULTI-TENANT COMMERCIAL / RESIDENTIAL SYSTEMS

Spectrum

- . Vandal-resistant telephone entry system used in applications that require a paper directory insert or utilize an external directory
- . Use the existing telephone network, there is no new wiring necessary between the entrance and each office or tenant

Horizon

- . Combines telephone entry and code access
- . 2-line LCD electronic directory eliminates the need for unsightly, troublesome directory boards

Infinity

- . Refined, robust and reliable
- . Engineered for exceptional performance and functionality
- . Dynamic combination of power and expendability is designed with an extensive feature set to meet today's needs and tomorrow's growth
- . Control panel can support card and code access for 2 doors or gates
- . Infinity has the ability to network up to 16 panels for larger installation requirements

Ovation

- . No Phone Bill systems connect directly into each residence's telephone line and uses those lines to provide communication between the visitor entry and the tenant suite
